

Richard Whittington

Software Developer

SUMMARY

A creative and experienced software engineer who leverages technology's ability to change people's lives. Proven track record of creating, designing and implementing successful fullstack web applications. Looking to contribute my skills to a product team creating useful projects.

WORK EXPERIENCE

Web Developer at WhittiDev | Memphis, TN

December 2014 — Present

- Delivered full-stack web applications and static websites for local clients, by tailoring solutions for small and medium sized businesses leading to increased customer traffic and engagement.
- - Achieved client satisfaction by maintaining effective communication and responding to client feedback increasing the usability and functionality of applications.
- - Increased customer satisfaction by implementing improved SEO and overall client control of business content allowing the client to focus their message more effectively.
- -Build products that have a positive impact on the real life experience of clients.

Recent Projects:

Baseball Roadtrip Helper (Fullstack Web App) – Groups coordinating complicated road trips can simply enter the MLB teams they wish to visit and a date range, then the teams schedules are displayed without having to visit multiple team websites.

Software Engineer at Chingu | Remote

September 2023— December 2023

-Collaborated with a team to design, develop, and deploy modern semantically structured and responsive MERN stack web applications resulting in increased user traffic

-Accomplished effective project management as measured by timely delivery of milestones, by applying agile methodologies, specifically SCRUM leading to efficient product delivery.

-Achieved improved application performance as measured by improved user experiences and client satisfaction by implementing an enhanced user interface

Social Media Marketing Specialist for Stratosphere NYC Agency | NYC

September 2013 — December 2014

-Formulated and executed a comprehensive brand management strategy and - Expanded client reach and growth by 37% by formulating and executing a comprehensive brand management and communications campaign.

- Enhanced brand visibility and engagement increasing audience participation by over 12 interactions per week, by creating and curating engaging content.

EDUCATION

University of Memphis

B.A. History (Hons)

GiveCamp Memphis | Memphis, TN

February 2023 — Present

Collaborated with a team of dedicated technology professionals to enhance the digital presence of a local nonprofit, [The Wellness and Stress Clinic of Memphis](#). Contributed to strategic discussions and provided technical insights for the reworked and redesigned Wordpress site. I also aided in the creation and design of [Hub Recycling](#) new online presence.
